- FACTS -  
(Document Exam)

My facts - are actually Exhibits and Evidence.  
I personally find this easier, but it may be confusing.  
It is difficult for me to express exactly everything  
I went through in points successfully. Thus, there are  
letters & documents after this that illustrate what  
happened as I stated in my complaint.

To accurately argue this, I may need assistance of  
an attorney due to disability as I can be quite verbose!

Thanks!

Officer Usualieva, Unit 647

I was dispatched to 7601 Belasco Drive to investigate child abuse case and spoke to the complainant, Sundari Prasad, and was advised that her former boyfriend (the father of her child) might be abusing their son, Sheamus Prasad. She stated that they have joint custody at this time and she is working on getting sole custody of the child. Sundari attempted to make a report online and was advised to call PD and have an officer to respond to her location in person to take a report. She also advised CPS of the situation and Hampton PD where her former boyfriend, Hamilton Hendrix, lives. She explained that Hamilton was a drug user and was known to deal drugs, so

she feared for the safety of their child. She also stated that Sheamus was allergic to apples and Hamilton knowingly fed him apples and even told her about that. Hamilton sent her a picture that she found to be inappropriate which showed their child in bath and fully naked. Sundari stated that there was another picture of her son chewing on a straw or a glow stick and she found that to be unsafe.

When I asked her what she wanted to do with the situation she stated that she is planning on getting full custody of the child and wants to file a report as a record of what happened. She also stated that she will have her son tomorrow and will e-mail me if she gets any more inappropriate pictures from Hamilton. I looked over the pictures and did not find anything inappropriate about them. It appeared to be a friendly exchange between two parents and many pictures of their child, I did not find any threats, inappropriate comments, or name callings. The child appeared to be well cared for in all of the pictures I saw and I found nothing wrong with them. I will make copies of the pictures and text messages and will submit the originals to records. I handed the complainant my business card with the incident number and advised her to forward it to her lawyer and say that an official report was filed regarding the situation. NFD

2. Supplement on 09/03/2015

Corporal Danaher Unit 683

Ms. Prasad called central desk at 0610 hours to report that her son, Sheamus Prasad, came home yesterday and had what appeared to a small burn on the side of his head. She said that it was not necessary to seek medical attention.

Ms. Prasad said she just wanted to update the report.

Officer Usuabelieva/U647

The complainant has not contacted me regarding the incident and has not sent me any additional pictures or e-mail/text message exchange. I have submitted the packet with text message and e-mail exchange between the parties. NFD

4. Supplement on 09/07/2015 at 18:32

Ofc Usuabelieva/ Unit 647

I contacted the complainant and explained that the actual crime did not occur in Chesterfield and that she needs to seek charges with Hampton PD. I sent her an e-mail and then shortly gave her a call and she stated that she understood and will handle it with Hampton PD and CPS. I also submitted a print out of a picture that she e-mailed me stating that there was a new scab on her child's forehead that appeared to be a burn. I ask that this case close since she will no longer follow up with Chesterfield PD and will seek help from Hampton PD instead. NFD

#### **Additional Instructions**

**FOLLOW-UP AS NEEDED**

*Assessment/Plan Note: I explained to mom that my understanding of the proper procedure is that since she has already*

*made a complaint to the police and CPS that I do not need to contact them. I encouraged mom to tell the CPS worker that if he/she wants to speak directly to me they can contact me here till 5:00 today (the visit occurred as my first visit of the day).*

*I explained to mom that since I am seeing the patient 2 days after he returned to mom's house and I don't know exactly when the injury occurred I can only state that there is a scab on his forehead but I can't speculate as to how it got there. In general my index of suspicion for non-accidental trauma is low given the developmental stage he is at (very mobile and exploring his world) and the location (forehead).*

Ofc. Kirby, Unit 654

On November 26, 2015, at approximately 1229 hours, I responded to 7601 Belasco drive APT F, reference a domestic. Upon my arrival, I made contact with the complainant, Sundari Prasad, and she informed me that her mother, Carolyn Nelson, and her aunt, Vivienne Cheek, had attacked her.

Prasad stated that at approximately 1230 hours she had been in an argument with Cheek and Nelson over her child. At this time, Nelson and Cheek attacked her and tried to strangle her and punch her repeatedly. Shortly after this statement Prasad changed her statement and said that only her Aunt, Cheek, had punched her, scratched her, and tried to strangle her. Prasad stated that her mother did not touch her, but she tried to. I observed two small scratches on Prasad's right hand, and one longer scratch on Prasad's forearm. Prasad further explained that she has filed charges against her mother and Aunt before for similar issues. Also, Prasad stated that Nelson has been poisoning her water with bleach for years. Prasad stated her mother has told her that she has been doing it because she should not have a child. Prasad stated that she is upset with PD because they never do anything, nor do they help her over her issues with her son. She stated that she currently has a lawsuit against Chesterfield County over this issue. Prasad requested to speak to a Supervisor. When I explained that I would be more than willing to request my Supervisor to respond she asked who my Supervisor was. I stated that the Supervisor that would be responding would be Sgt. Matson, Unit 103. Prasad stated that she did not want her assistance and that she did not help her in the past. Prasad was inconsistent with her statements about what actually occurred.

Nelson stated, that Prasad began to verbally accuse herself and Cheek about the fact that they are keeping her from her son. At this time, Prasad picked up a walking cane

and began to swing it at Nelson and Cheek. Nelson further explained that Prasad hit her over her head with the cane and it broke. Nelson stated that she grabbed her purse and retreated out of residence along with Cheek. Nelson stated that neither herself, nor Cheek touched Prasad at anytime. I did not observe any marks on Nelson's head. Nelson explained that she has never poisoned her daughter's drinking water either.

Cheek stated that Prasad did in fact hit Nelson over her head with a walking cane and that they are not keeping Prasad from her child. Cheek stated that Prasad was out of control over a situation that is out of their control, but yet Prasad feels that it is anyone's fault but her own. I do not believe that Cheek can be assumed to be an independent witness due to the history that she has with Prasad. When asked about Prasad's scratches to her hand, Cheek stated that the scratches must have come from the cane or she did it to herself.

Prasad has a history of mental illness and she has made conflicting statements to PD in the past. I advised all parties to obtain warrants at the Magistrate's office if they wish to pursue the issue. All parties were separated from each other and advised to abstain from any further disputes. Nelson and Cheek advised that they would be staying at Nelson's residence for the night. Sgt. Matson, was made aware of the incident. All parties were given my contact information, the report number, and a PD-20.

Ofc Kirby, Unit 654

On 11/30/15 I spoke with Carolyn and she informed me she does not wish to obtain warrants for her daughter. She stated she does not want her to get into trouble. Also, she stated she still has not had any contact with her daughter and has blocked her from both of her phone numbers.

I attempted to speak with Prasad several times today but she would not pickup the phone.

I request this case be cleared inactive. NFD

Officer Lawson/U251

I responded to 7601 Belasco Dr Apt F in reference to an assault. Upon arrival, I spoke with Vivienne Cheek who stated that she and her niece Sundari Prasad had gotten into a fight. I noticed there were several broken pieces of a walking cane sitting in the living room of the apartment. Vivienne stated that Sundari is an alcoholic with a history of mental illness. Vivienne stated that Sundari was upset because she lost custody of her child recently and now only gets bi-monthly visitation. Vivienne claimed that Sundari had drunk heavily that day and the two had gotten into an argument. Neither Vivienne nor Sundari could give specifics as to the altercation but Vivienne had a bruise on the right side of her forehead. Vivienne stated she did not wish to press any charges reference the incident. I then went to the back bedroom and spoke with Sundari.

Sundari also had swelling on her forehead and stated that she had been arguing with her aunt. I asked Sundari a series of questions to determine her mental faculties. She answered my questions correctly and stated she did not wish to hurt herself or others. Both women were calm and collected after I spoke with them, however the situation was aggravated by the arrival of Sundari's mother. Sundari's mother wanted us to call an ambulance to "take her away". Sundari's mother insisted that Sundari was going to kill them, so I explained the process of obtaining a green warrant to her.

I went back into Sundari's room and spoke with her. Each time she was calm and collected but did complain about not feeling well. I observed a large amount of medication in Sundari's room which she stated she was taking as prescribed. I advised Sundari that she could obtain a warrant on her aunt for assault if she so desires. As Ofc Cotman/U331 and I were leaving the scene Vivienne and her sister left the apartment as well. nfd

Nelson had placed bleach/chlorine in her drink. I asked her why she thought this and Prasad showed me a lab form from October 24 of this year showing what she said were high chloride levels. I asked her if she was basing her allegation off the lab form and Prasad responded, "Yes".

Prasad was slow in giving the details of the alleged poisoning. I asked her when it happened and she said, "Couple days ago". I asked her when and she again said, "A couple days ago". I told Prasad she needed to be more specific and she related Thursday. I asked her when on Thursday and she could not immediately say. Finally Prasad related the incident took place between 1600 and 1700 hours. I asked Prasad how she knew her mother placed the bleach in her drink and she initially would not say. During that brief lull I was able to perform a Google search of High Chloride levels and according to Google "An increased level of blood chloride usually indicates dehydration, but can also occur with other problems that cause high blood sodium, such as Cushing Syndrome or kidney disease". I informed Prasad of this and she quickly stated I saw my mother do it. Prasad went on to relate to me that she saw her mother in the kitchen near bleach bottles and drop some of the bleach in her drink. I asked Prasad if she poisoned you Thursday how does that explain the high chloride levels back in October. Prasad would not answer the question.

Prasad then went on to say that her Aunt Vivian Cheek pushed her during the morning hours of November 22, 2015 at approximately 0300 hours. Prasad related to myself and officer Coffey unit 274 that we missed her because she left right before we arrived. Prasad was not able to give any details regarding the alleged assault.

I contacted Nelson and Cheek regarding this incident. Initially I spoke to Nelson who related that she was not at the residence on November 19 2015 the Thursday that the alleged poisoning took place. I asked Nelson if she knew if her sister Cheek was at Prasad's residence last night and she related no. Nelson related that she and her sister never go to Prasad's residence alone because of past issues they have had with her. Next I spoke to Cheek who related that she was not at the residence last night. Cheek stated to this officer that she is too old to be up at 3 o'clock in the morning. In regards to the incident that allegedly took place November 19 2015 or last Thursday Cheek related that they were not able to make contact with Prasad and left a note for her.

Cheek and Nelson help Prasad with several different matters. Cheek pays for the apartment that Prasad lives in. Both Cheek and Nelson help Prasad with her custody issues and even stay with Prasad and act as the supervision when Prasad is with her child. Prasad is extremely 10-96 and has issues/history with contacting PD over inane issues. Nelson and Cheek's narrative of events is believable where as Prasad's is not. Request this matter be cleared Unfounded. In regards to the possible False Police Report, I was advised by unit 103 to let it be unless this becomes a reoccurring issue for Prasad in which case this will be addressed.

Sundari Prasad advised her aunt and mother are still causing problems and she is upset that police have not arrested them from an earlier assault. Also, she advised she had a sip of wine to calm her nerves and thinks her mother does cocaine. Sundari also wanted to be checked by rescue due to earlier injuries and advised she has scratches and they beat her. Sundari lastly advised dispatch that she lost consciousness during the assault. I asked dispatch to check the last time we came to this residence, where I was advised units were out here approximately noon on 11/26/15 and cleared a domestic code one and nine.

I then arrived on scene and advised rescue to enter. I spoke with Sundari, who had a odor of alcohol coming from her person. I asked Sundari if I could step inside her residence, where she stated I could as long as I document. I asked Sundari what was going on, where she stated she was upset because her aunt and mother were not arrested yet. I was aware of the last clearance of the alleged assault, and asked Sundari if she obtained warrants for the last domestic report. Sundari advised she didn't know she could go to the magistrates office and advised she would. Sundari then handed me paperwork to court paperwork in reference to her child. I advised Sundari I was here to help her on today's incident and wanted rescue to check her out. Sundari was checked out and I was advised she would not need to be transported. I asked Sundari what she would like for me to do tonight, where she advised she wants them arrested. I advised Sundari that no one else was at her home and I would not be arresting anyone. Sundari then advised to get out of her house because I was no help.

I advised dispatch to have Crisis contact my cell phone due to multiple reports and calls to Sundari's aid. I spoke with Jen Scions and advised the situation with Sundari calling the police alleging assaults between herself and her family. I advised Jen I was merely documenting with Crisis due to her mental stability. Sundari appears to be caring for herself. Her house is clean on the two occurrences I have been to her apartment. There was an ordered Thanksgiving meal on the dinner table. The food was still packaged and did not appear to be opened. But due to the appearance that Sundari was caring for herself, she would not be brought to Crisis for a further interview.

This report is just for documenting purposes. NFD

Unit 639 N C Frazier

On 11/08/15 at 15:29 I responded to 7610 Belasco Dr Apt. F for a Domestic call. Upon arrival into the parking lot I was approached by the complainant's grandmother and mother who advised their daughter was arguing with them over an existing custody issue between her and her son's father. The complainant was then identified as Sundari Prasad.

As I was speaking with Sundari's family, I then was approached by her son's father, Hamilton Hendrix, his mother, Gloria Dale Sorrell and his aunt, Sharon L. Pauls. They told me that the issue was between Hamilton and Sundari pertaining to the custody of their son, Sheamus Nelson-Prasad (10 months old). According to Hamilton there was a prearranged custody agreement in place stating that Sundari had only a handful of monitored visits per month. She was supposed to hand over her son at a prearranged time earlier today; however, she was refusing. Hamilton's mother and aunt advised that they had power of attorney over Hamilton and produced paperwork showing this. Hamilton was worried for the safety of his son, believing that Sundari's past mental health issues put the child in jeopardy.

I then went and spoke with Sundari inside her apartment where I observed Sheamus in good health. Sundari advised that she did not want to hand over her son because she had received a threatening text message from Hamilton where he explicitly stated he would kill her and Sheamus if she did not go along with their custody agreement. She also advised that she had recently visited the magistrate and obtained a PPO against Hamilton. Finally, Sundari advised Hamilton was wanted.

I then went back outside and spoke with Hamilton; I ran a wanted check and he did show 10-99 out of Chesterfield; there also was a PPO on file which had not been - I was sick & dismissed. Dispatch advised the warrant was releasable; Ofc. Moore (Unit 519) then went to Booking to pick up the paper work. While I was waiting for the paperwork, I stood by inside the apartment per the wishes of Hamilton and his family. Ofc. Panepento (Unit 655) arrived and stood by outside with Hamilton's family.

CPS was notified and advised of the situation as well as Sgt. Matson (Unit 103). Ofc. Moore then arrived on scene and served the PPO to Hamilton. I then served the warrant (VA State Code 18.2-427- Threatening Phone Call/Text Message to Family Member). Myself and Sgt Matson spoke again with Sundari. Sundari agreed to hand over Sheamus to Hamilton's aunt; for 24hrs, Hamilton could not have contact with his

Ofc Gordon, Unit 651

On November 9, 2015 at 0323 hours I responded to 7601 Belasco Drive and spoke with Sundari Prasad. She reported that she made a report (201511080141) to Sgt. Matson U103 on the prior day about her custody issue with her son and the son's father. She informed me that she would like to also include that she believes Hendrix may have filed for a credit card with an unknown company using her son's name and personal information. She is not sure when Hendrix filed for the credit card and does not have any physical proof of this, but would this incident documented. NFD

RE: RECORDS REQUEST (again)

1401 Johnson Willis Ave

Sundari K. Prasad 6/27/13

Richmond CA 93235

225-97-1684

Greetings!

Hello (again!) Records Dept. I NEVER RECEIVED any records that I  
 requested some time ago. So lets do this again - but USPS CERTIFIED MAIL -  
 Signature requested and please mark LEGAL MAIL This is for case

CJ15C-179 - I am Prasad SE on.

So, all labs taken and visits & admissions to Sundari K. Prasad  
 (me) Nov 6/27/13 SSN 225-97-1684 since 3/1/14 - present.

I was admitted via 3 doctors around Oct 1 before - but I will try to  
 subpoena the physicians. I just need general notes for that. Citing the attorneys  
 were so I can subpoena. I will do an on call review on these records -  
 but I have to subpoena them anyway this testimony - and please let me know  
 your "Consideration of Records" address as well, so I can avoid them.

Thanks again! Oh I have enclosed an "in-form" so that fees  
 may be waived. that you can present to your General Department.
